

Grow your Business with NETGEAR® Insight™

NETGEAR®
INSIGHT PRO

Get easy, yet robust remote, networking management.

NETGEAR Insight Pro is an exclusive subscription based offering dedicated to NETGEAR partners.

The Insight Ecosystem provides partners the tools to make their business more efficient with day-to-day networking tasks and more profitable in the long run with a recurring revenue model.

How NETGEAR Insight helps businesses grow.

- With an established services model business can increase profitability
- Leveraging Cloud technology can reduce investment
- Automate & replicate low value, mundane tasks to increase efficiency and scale your business
- Get full visibility and proactively respond to client networks to improve customer satisfaction and customer retention
- Leverage technology to set up 24x7 customer network monitoring & make up for lost hardware margins with increased service revenue

Rapid Remote Deployment

- Set up & configure in your office
- Ship to the client
- Monitor from your office

Multi-site Management

- Remote firmware upgrade
- Multi-network management
- From any screen and any location

Lower TCO and Scalability

- Improved profitability
- No additional hardware needed
- Lower installation time & cost

Remote Monitoring

- Visibility & control from one central dashboard
- Instant alerts & notifications
- Device usage monitoring

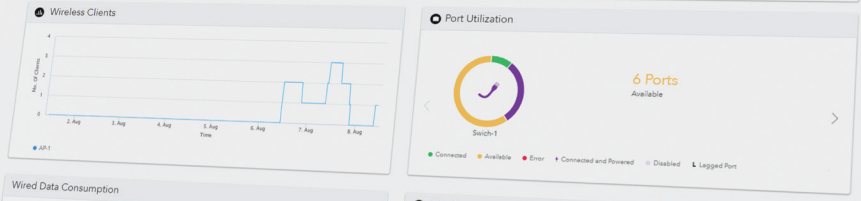

One-touch NETGEAR Support

- 24/7 access to support
- Manage support cases
- Check support entitlement

Market-leading Warranty

- Next Business Day replacement
- 5 year hardware warranty
- 90 day live chat and support

NETGEAR®
BUSINESS

Insight fits in your business whether you're a...

Reseller, currently selling hardware but wanting to grow business.

Managed Service Provider wanting to expand offerings.

IT Manager (to medium/large multi-office company or school district) needing more flexibility, visibility and control across all their locations.

Insight Pro stands above the competition.

Reviewed and tested by independent third party test companies, Insight Pro has been rated the best networking management solution for SMBs.

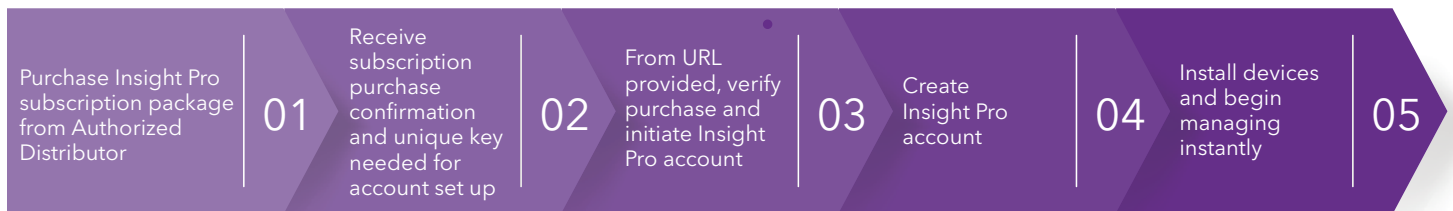

Miercom Performance Verified by:

- The best value cloud solution for SMB budgets
- Central management with ease of use
- Time-saving deployment measures
- Robust metrics reporting

Tolly Certified by Providing:

- Highly efficient multi-tenant, multi location platform
- Fully-fledged management via mobile app
- Simple and flexible setup
- Business-class in-app support

How it Works for VARs and MSPs:
